

A Christmas Guitar Lesson

Here is a two octave scale of C Major

Learn the scale and then use it to work out the melody of the songs at the bottom of the sheet

All of the songs start with the same two notes!

G (G String Open)
and
C (B String, first fret)

When you have worked out the tune try to incorporate the chords to it.

Choose from the following chords (the six "useful" chords that can be constructed from only the notes of the C Major Scale)

C, Dm, Em, F, G, and Am Songs.....

- "We Wish You A Merry Christmas"
- "Away In A Manger"
- "O Little Town Of Bethlehem"
- "I Saw Three Ships Come Sailing In"
- "When A Child Is Born"
- "Auld Lang Syne"
- "O Christmas Tree"
- "The Holly And The Ivy"
